

Material Safety Data Sheet

Nr.: 01/01- "Unalloyed hot rolled reinforcing bars and rebar in coil and wire-rod"

1. SUBSTANCE/PREPARATION AND COMPANY NAME

1.1 Product information

Hot rolled reinforcing bars and rebar in coil and wire-rod.

1.2 Trade names

Ribbed reinforcing bars and rebar in coil wire-rod.

1.3 Information pertaining to manufacturer/supplier:

1.4 Supplier :

HABAŞ AŞ.

Sanayi Caddesi No: 26 Bozköy / Aliğa / İZMİR
TURKEY

Phn : +90 232 625 11 73 Pbx.

Fax : +90 232 625 13 84

2. HAZARDS IDENTIFICATION

2.1 Classification of the substance or mixture :

Classification (GHS) :

Skin Sens. 1 : H317

Carc.1B : H350

2.1 Label Elements:

Hazard pictograms (GHS- US) :

GHS07

GHS08

Signal word: Danger

Hazard Statements :

H317- May cause an allergic skin reaction

H350 - May cause cancer

Precautionary Statement:

P201 – Obtain special instructions before use

P202 - Do not handle until all safety precautions have been read and understood

P261 – Avoid breathing dust, fume

P272 – Contaminated work clothing must not be allowed out of the workplace

P280 – Wear protective gloves/ protective clothing/ eye protection/ face protection

P302+P352 - If on skin: Wash with plenty of water

P308+P313 – If exposed or concerned: get medical advice/attention

Material Safety Data Sheet

Nr.: 01/01- "Unalloyed hot rolled reinforcing bars and rebar in coil and wire-rod"

P333+P313 – If skin irritation or rash occurs: Get medicinal advice/ attention

P362+P364 – Take off contaminated clothing and wash it before reuse

P405 – Store locked up

P501 – Dispose of contents/container to hazardous or special waste collection point, in accordance with local and regional, national and or international regulation

2.1 Although this product is not considered a health hazard it should be handled according to the Pertinent standards of industrial hygiene and safety rules.

2.2 Hazardous components:

None of the components is present at concentrations sufficiently high to warrant classification as a hazardous substance in accordance with EU-guidelines.

3. COMPOSITION/DETAILS OF COMPONENTS

3.1 Chemical characterization :

Unalloyed steel (metal) with ca. 98% iron

Components	Concentration (Volume) (%)	Product Identifier (CAS No)	EEC Number	EC Classification	CLP Classification
Carbon (C)	0,03-0,50 %	7440-44-0	231-153-3	-	H228 H251 H300 H315 H319 H335 H373
Silicon (Si)	0,05-0,35 %	7440-21-3	231-130-8	-	H228 H315 H319 H335
Manganese (Mn)	0,30-1,50 %	7439-96-5	231-105-1	-	H228 H319 H373
Phosphorous (H ₃ P)	Max. 0,060 %	7723-14-0	2317-36-7	-	H228 H250 H300 H330 H314 H400, H412
Sulphur (S)	Max. 0,060 %	7704-34-9	231-722-6	-	H315
Copper (Cu)	Max. 0,80 %	7440-50-8	231-159-6	-	H302 H319 H331 H400 H411
Chromium (Cr)	Max. 0,30 %	7440-47-3	231-157-5	-	H317 H319 H371 H400 H410

Material Safety Data Sheet

Nr.: 01/01- "Unalloyed hot rolled reinforcing bars and rebar in coil and wire-rod"

Components	Concentration (Volume) (%)	Product Identifier (CAS No)	EEC Number	EC Classification	CLP Classification
Nickel (Ni)	Max. 0,30 %	7440-02-0	231-111-4	-	H317 H350 H372 H412
Molybdenum (Mo)	Max. 0,08 %	7439-98-7	231-107-2	-	H225 H228 H361
Tin (Sn)	Max. 0,08 %	7440-31-5	231-141-8	-	H319 H335
Arsenic (As)	Max. 0,08 %	7440-38-2	231-148-6	-	H302 H322
Iron	ca. 98 %	7439-89-6	231-096-4	-	H317 H350

3.2 Hazardous components:

None of the components is present at concentrations sufficiently high to warrant classification as a hazardous substance in accordance with EU-guidelines.

.....

4. FIRST AID PROCEDURE

- | | | |
|-----|---------------------------|----------------|
| 4.1 | upon exposure of the eyes | not applicable |
| 4.2 | upon exposure of the skin | not applicable |
| 4.3 | upon swallowing | not applicable |
| 4.4 | upon inhalation | not applicable |
- Steel products in their natural state are not considered to be health hazards.
-

5. FIRE-FIGHTING PROCEDURES

Steel products in their natural state are not considered to be fire or explosion hazards.

- | | | |
|-----|-------------------------------|---------------------------------------|
| 5.1 | Suitable extinguisher media : | dry Sand, Powder, Foam |
| 5.2 | Special dangers : | do not inhale iron oxide smoke |
| 5.3 | Combustion products : | iron oxides |
-

6. PROCEDURES TO BE INITIATED UPON ACCIDENTAL RELEASE

- 6.1 No special measures required
-

7. HANDLING AND STORAGE

7.1 Handling

- | | | |
|-----|-------------------------|---|
| 7.2 | Notes for safe handling | avoid inhaling dust generated by grinding and |
|-----|-------------------------|---|

Material Safety Data Sheet

Nr.: 01/01- "Unalloyed hot rolled reinforcing bars and rebar in coil and wire-rod"

7.3 Recommendation	polishing, smoke generated by cutting an welding, and aerosols. Ensure sufficient aeration/suction ventilation of working spaces. provide suction ventilation near outting/welding processes and avoid inhaling smoke and dust.
7.4 Storage	
7.5 Recommendation	no specials requirements

.....

8. EXPOSURE LIMITATION AND PROTECTIVE GEAR

8.1 Threshold limit value	not applicable
8.2 Protective gear	not applicable

.....

9. PHYSICAL AND CHEMICAL PROPERTIES

9.1 State of aggregation	solid substance
9.2 Color	slivery, gray
9.3 Odour	odourless
9.4 Density at 20 °C	7.85 g/cm ³
9.5 Melting point or range	1500-*1540 °C
9.6 Boiling point or range	Fe = 2750 °C
9.7 Ignition point or range	not applicable
9.8 Explosion hazard	The product is not an explosion hazard.
9.9 Solubility water	insoluble

.....

10. STABILITY AND REAKTIVITY

10.1 Condition to be avoided	Under normal conditions the product is stable, hazardous chemical reactions of the substance are unlikely. The temperature should not exceed the melting point.
10.2 Substances to be avoided	Acids, bases and other caustic substances
10.3 Hazardous disintegration products	Generation of hydrogen as a product of the reaction with strong acids

.....

11. TOXICOLOGICAL DATA

11.1 No toxicological reactions have been reported to result from normal handling of the product. The inhalation of products of thermic reaction of the substance in the form of smoke may pose A health hazard.

.....

Material Safety Data Sheet

Nr.: 01/01- "Unalloyed hot rolled reinforcing bars and rebar in coil and wire-rod"

12. ECOLOGICAL DATA

12.1 There is no evidence available indicating that this product may be an environmental hazard.

13. DISPOSAL

13.1 Not applicable

14. TRANSPORT

14.1 Transport overland
Not a hazardous product in accordance with transport regulations.

14.2 Transport by inland traffic
Not a hazardous product in accordance with transport regulations.

14.3 Transport by seagoing traffic
Not a hazardous product in accordance with transport regulations.

15. REGULATIONS

15.1 This product is not listed in any of the regulations and ordinances concerning this safety data sheet.

16. MISCELLANEOUS

16.1 The product described in the present safety data sheet must be used exclusively for the intended purpose. Hence, damages resulting from the inappropriate use of the product be considered on the basis of the usual rules of product liability. Any alteration of the product should therefore be agreed upon mutually in cooperation with the supplier.
